

PROJECT EXPERIENCE

Found below is a table showing select work performed for **ODOT** in the past five years.

| Project | Client | Services |
|---|------------------|---|
| ALL-117-17.52 | ODOT District 1 | Traffic study, public involvement |
| WOO-795-9.16 | ODOT District 2 | Bridge replacements, roadway design, traffic design, lighting design, surveying |
| FRA-62-1.45 (Phases 1 & 2) | ODOT District 6 | Traffic study, access management, roadway design, traffic design, surveying |
| MAR-423-6.57 (Phases 1 & 2) | ODOT District 6 | Traffic study, access management, roadway design, traffic design, surveying |
| South Innerbelt Study | ODOT District 6 | Traffic study |
| FRA-16-10.25 | ODOT District 6 | Bridge rehabilitation |
| CLA-70-6.75 | ODOT District 7 | Bridge replacements & rehabilitations, surveying |
| CHP-559-9.59 | ODOT District 7 | Bridge replacement |
| DAR-121-26.11/28.83 | ODOT District 7 | Bridge replacements |
| DAR-127-24.04 | ODOT District 7 | Bridge replacement |
| MOT-35-15.07 | ODOT District 7 | Bridge rehabilitations, traffic control, surveying |
| General Engineering Services Bridge Review Contract | ODOT District 7 | Bridge plan review |
| MOT-35-18.57 | ODOT District 7 | Interchange design, traffic design, surveying & right-of-way |
| General Engineering Services Contract | ODOT District 8 | Bridge, roadway, traffic, surveying & right-of-way design |
| HAM-22-10.21 | ODOT District 8 | Roadway & traffic design, access management |
| PRE-127-10.82/15.82 | ODOT District 8 | Bridge replacements, roadway & traffic design |
| WAR-75-3.40 | ODOT District 8 | Interchange design, bridge replacements & rehabilitations, landscape architecture, traffic design |
| CLE-276-1.00 | ODOT District 8 | Bridge replacement |
| CLE-727-3.18 | ODOT District 8 | Bridge replacement |
| General Engineering Services Contract | ODOT District 9 | Bridge, roadway and traffic design; surveying & right-of-way design |
| SCI-823.00/6.81 | ODOT District 9 | Bridge design, roadway design |
| COL-11-9.46/13.78 | ODOT District 11 | Bridge rehabilitations; surveying, traffic & roadway design |
| TUS-516-4.07 | ODOT District 11 | Bridge replacement |
| General Engineering Services Contract | ODOT District 11 | Traffic, bridge inspections, roadway design |

“Review comments were promptly addressed, the project was on schedule, and the consultant provided sound design.”

ODOT District 8 Rating Comments (HAM-22-10.22)

PROJECT EXPERIENCE

Found below is a table showing select work performed for county, city and municipal engineers in Ohio in the past five years.

| Project | Client | Services |
|----------------------------------|------------------|---|
| Lesourdsville-West Chester Rd. | Butler County | Bridge replacement, drainage, water & sanitary sewer design |
| Morgan Ross Road Bridge | Butler County | Bridge replacement, roadway, survey |
| Cemetery Road | City of Hilliard | Traffic signal design, intersection improvement, turn-lane studies, sidewalk & curb ramp design |
| Tinapple Road | City of Hilliard | Roadway realignment, intersection improvement & drainage design |
| CHP-214-0059/0014 | Champaign County | Bridge replacements |
| Rocky Point Road Bridge | Clark County | Bridge replacement, roadway, survey |
| Sawmill Road & Big Bear Avenue | Delaware County | Traffic signal design |
| Dent Road | Delaware County | Bridge replacement, surveying, traffic design |
| Kingston Township | Delaware County | Culvert replacements, roadway design |
| Mill's Road Bridge | Delaware County | Bridge replacement, roadway, traffic, surveying & right-of-way design |
| Stockwell Road Bridge | Delaware County | Bridge replacement, roadway, traffic, surveying & right-of-way design |
| Powell & Worthington roads | Delaware County | Traffic signal design |
| Orange Road Bridge | Delaware County | Bridge replacement, roadway, surveying & right-of-way, public involvement |
| Carriage Road | Delaware County | Traffic calming study |
| Linworth & Olentangy River roads | Franklin County | Traffic signal design |
| Scioto & Darby Creek roads | Franklin County | Traffic signal design |
| Harlem & Dublin-Granville roads | Franklin County | Bridge replacements, roadway, traffic, surveying & right-of-way design |
| Lockbourne Road | Franklin County | Bridge rehabilitation |
| Galloway & Hall roads | Franklin County | Traffic signal design |
| Main Street | Franklin County | Bridge replacement, surveying, roadway design, traffic design, public involvement |
| Walnut Street | Franklin County | Bridge rehabilitation |
| HIG-TR 266 | Highland County | Speed study |
| HIG-TR 266-0.42 | Highland County | Bridge replacement |
| HIG-CR 79-0.10 | Highland County | Bridge replacement, roadway, survey & right-of-way |
| MAD-CR 7-VAR | Madison County | Bridge replacements, roadway, traffic, surveying & right-of-way design |
| S. Main Street Bridge | Muskingum County | Bridge replacement, roadway, survey |
| Arch Hill Road | Muskingum County | Bridge replacement, roadway, survey |
| SEN-CR 12-7.38 | Seneca County | Bridge replacement |
